

Club Facility Fund 2018

Cricket Ireland has announced the Club Facility Grant Fund will open again. This was a successful scheme introduced by Cricket Ireland in 2016 and many clubs across the NCU region benefitted greatly from this grant scheme.

Clubs that meet the eligibility criteria should apply, by completing the short application form and submitting it to the NCU General Secretary, Bryan Milford (full details of the eligibility criteria will be made available on request).

Applications should include the following –

- An overview of the project/reason for expenditure
- Basic images/diagrams/plans outlining the project.
- Details of how such a project will help develop the Club and/or its facilities
- Cost projections for the project. Please note cost projections should include details of a minimum of two quotations for the proposed work to be undertaken.

The NCU Management Board will consider all applications received and decide on which applications to receive funding.

Clubs are eligible to receive a maximum of £2000 per year, provided on a matched funding basis - in other words a club would receive a grant equivalent to the value of their own financial outlay for the project.

Applications from clubs should be sent to: Bryan Milford, NCU General Secretary **Email:** bryan.milford@ncucricket.org and be received by **31st October 2019**
